

As part of her commitment to increase transparency in government, below are Congresswoman Melissa Bean's (IL-08) funding requests for FY2011. All recipients are either not-for-profit or government entities.

The projects and amounts requested do not guarantee funding. After requesting priority projects, the House Appropriations Committee considers requests from all Members of the House and decides which projects receive funding and how much funding they receive. Therefore, the list of funding requests below cannot be accurately used for a year-to-year comparison against previous lists.

Note: Requests are listed by bill and in alphabetical order. Commerce, Justice and Science
City of Zion – Fire and Rescue

- Recipient: City of Zion Fire & Rescue Department, 1303 27th Street Zion, IL 60099
- Description: \$44,650 from the Department of Justice's Community Oriented Policing Services (COPS) Technology Program in the FY11 Commerce, Justice, Science budget to upgrade to new advanced life saving equipment to provide the best emergency care available to their residents and area communities. Area EMT-paramedic students, which are trained by our paramedics, will receive invaluable training by using this equipment.

McHenry County – Law Enforcement Technology

- Recipient: McHenry County Government Center, 2200 North Seminary Ave. Woodstock, IL 60098
- Description: \$500,000 from the Department of Justice's Community Oriented Policing Services (COPS) Technology Program in the Commerce, Justice, Science budget to be used not only for information sharing, but also for officers to identify subjects using mobile identification technology, as well as, provide access to a nation-wide fingerprint identification system. The technology would enable real-time, inter-departmental tracking of data as well as access to a national fingerprint database as a means to increase public safety and limit civil liability during law enforcement activities

Lake County – Integrated Criminal Justice System

- Recipient: Lake County, Illinois 18 North County Street – 9th Floor Waukegan, IL 60085
- Description: \$400,000 from the Department of Justice's Community Oriented Policing Services (COP) Technology Program in the Commerce, Justice, Science budget to implement a multi-year technology plan to integrate the computer networks of all of the police departments in Lake County with each of the County's criminal justice departments and to provide a universal interface with the State of Illinois.

Lake County Sheriff – Search and Rescue Helicopter Equipment

- Recipient: Lake County Sheriff's Office, 25 S. Martin Luther King Jr. Avenue Waukegan 60085
- Description: \$250,000 from the Department of Justice's Community Oriented Policing

Services Technology Program in the FY11 Commerce, Justice, Science budget to be used to purchase a Bambi-Bucket helicopter firefighting device, forward-looking infrared (FLIR) system, video downlink, Aero-Computer fire mapping Geo grid moving map, searchlight and a rescue stretcher for our UH-IV Huey Search & Rescue helicopter along with funds for equipment training.

Lake County YWCA – Project SUCCEED

- Recipient: YWCA Lake County, 2133 Belvidere Road Waukegan, IL 60085
- Description: \$600,000 from the Department of Justice's Byrne Grants to continue its work with at-risk youth and parents whose profiles indicate a high risk for a child's school failure and entry into the criminal justice system. Expansion of PROJECT SUCCEED in Lake County's most at risk areas of Round Lake Beach, Waukegan, North Chicago, Zion, Gurnee, Mundelein and Wauconda, is crucial to advancing economic opportunity, family stability and school success; factors in preventing juvenile arrest and an early entry into the juvenile justice system. All of the program's wrap-around services are provided in Spanish and English to help low-income women, girls and families build stable, self-sufficient lives.

Energy and Water Development Fremont School District – Wind Turbine

- Recipient: Fremont School District 79, 28855 N. Fremont Center Rd., Mundelein, IL 60060
- Description: \$200,000 from the Energy Efficiency and Renewable Energy (EERE) account in the FY11 Department of Energy (DOE) budget for installation of a utility grade, high performance wind turbine with a hub height of 80 meters and 20-meter blades. This project will save the School District money in energy costs, help protect the environment, and educate students about clean energy and environmental integrity. It will also support Illinois' requirement of 25% clean energy source power by 2020.

Illinois Community College Sustainability Network – Green Jobs Centers

- Recipient: Illinois Community College Sustainability Network, 2500 Carlyle Ave., Belleville, IL 62221
- Description: \$600,000 from the Energy Efficiency and Renewable Energy (EERE) account in the FY11 Department of Energy (DOE) budget to establish three new green jobs centers in high unemployment areas that will have customized programs of study to fit local workforce needs. These centers will connect trained workers with jobs in the new energy economy and help create new jobs by promoting commercial transitions to sustainable, energy efficient technologies.

Financial Services Harper College Northwest Suburban Small Business Incubator

- Recipient: Illinois Small Business Development Center, 1200 W. Algonquin Road Palatine, IL 60067
- Description: \$500,000 from the Small Business Administration Account in the FY11 Financial Services budget seeks to create a small business incubator to assist local entrepreneurs who are starting new small businesses. Funds will be used to support at least 30 individual incubators. Resources will be allocated to provide support services such as legal, accounting and business counseling professionals to allow entrepreneurs to concentrate on growth and lay a foundation for a successful start-up. Clerical support, and IT maintenance.

Homeland Security McHenry County – Stormwater Strategic Plan

- Recipient: McHenry County, 2200 North Seminary Ave., Woodstock, IL 60098
- Description: \$550,000 from the Predisaster Mitigation account in the FY11 Federal Emergency Management Agency (FEMA) budget to complete comprehensive watershed and flood mitigation plans for the Lower Nippersink Creek Watershed and the Upper Fox River Watershed, both of which have experienced flooding and anticipate significant population growth. Taking steps to identify sources of flooding and taking corrective actions can significantly reduce the need for federal disaster assistance.

Interior, Environment, and Related Agencies North Shore Sanitary District – Waukegan Sewage Treatment Plant Forcemain

- Recipient: North Shore Sanitary District, Wm. Koepsel Dr., P.O. Box 750, Gurnee, IL 60031
- Description: \$500,000 from the State and Tribal Assistance Grants (STAG) account in the FY11 Environmental Protection Agency (EPA) budget to repair recently identified areas of distressed pipe along the 54" Waukegan forcemain, which conveys about 20 million gallons per day of treated effluent. The project will provide short-term economic benefits and create 155 jobs, while providing long-term environmental benefits through the protection against flooding.

Village of Johnsburg – Wastewater Conveyance and Treatment Works

- Recipient: Village of Johnsburg, 1515 Channel Beach Ave., Johnsburg, IL 60051
- Description: \$500,000 from the State and Tribal Assistance Grants (STAG) account in the FY11 Environmental Protection Agency (EPA) budget to complete collector sewers to serve the west side of the Fox River on a neighborhood by neighborhood basis. The Village of Johnsburg is the largest municipality on the Illinois portion of the Fox River that lacks a sewer system. Not only is that posing a problem for the occupants of the 1,845 targeted residences in the Village's sewer service area, but it is also a concern to those who live near, or come to visit, the Fox River farther downstream.

Village of Round Lake Beach – Asbestos Cement Water Main Replacement

- Recipient: Village of Round Lake Beach, 1937 Municipal Way, Round Lake Beach, IL 60073
- Description: \$500,000 from the State and Tribal Assistance Grants (STAG) account in the FY11 Environmental Protection Agency (EPA) budget to finance the engineering and construction of a portion of the community's watermain replacement project. Approximately 50 local jobs will be created as part of the process, which will add \$3.80 million dollars to the area economy. The community will benefit by replacing the old 4" asbestos cement watermains with 8" ductile iron pipes, increasing system capacity and enhancing fire protection and emergency backup.

Village of Wauconda – Wastewater Treatment Plant Upgrade

- Recipient: Village of Wauconda, 101 Main St., Wauconda, IL 60084
- Description: \$500,000 from the State and Tribal Assistance Grants (STAG) account in the

FY11 Environmental Protection Agency (EPA) budget to replace two 50' by 50' Bio Towers that provide all of the biological treatment for the old wastewater treatment plant. New plant facilities will enable service to 5,000 new residents and reduce energy costs by 20 to 30 percent.

Labor, Health and Human Services, and Education **Children's Memorial Hospital – Cardiac Care Unit**

- Recipient: Children's Memorial Hospital, 2300 Children's Plaza Chicago, IL 60614
- Description: \$500,000 from the Health Resources and Services Administration in the FY11 Labor, Health and Human Services, and Education budget to construct a new hospital to provide comprehensive health care services to children. One critical component of the new hospital is an entire floor devoted to providing comprehensive care to children with heart ailments, the Comprehensive Cardiac Unit (CCU).

Lake County Coalition for the Homeless – Community Resources for Education & Wellness

- Recipient: Community Resources for Education and Wellness (CREW), Inc. 1632 23rd Street Zion, IL 60099
- Description: \$250,000 from the Substance Abuse and Mental Health Services Administration (SAMHSA) account in the FY11 Labor, Health and Human Services, and Education budget to expand its partnerships with other social service agencies to collaboratively share information and coordinate services to better serve Lake County residents.

McHenry County – CLIMMB Program

- Recipient: McHenry County, 2200 North Seminary Ave. Woodstock, IL 60098
- Description: \$500,000 from the Higher Education Account in the FY11 Labor, Health and Human Services, and Education budget to provide the County's workforce with proven career ladders and increase degree attainment by expanding the capacity of and infrastructure at McHenry County College.

Roosevelt University (Schaumburg Campus) – College of Pharmacy

- Recipient: Roosevelt College of Pharmacy 430 S. Michigan Ave. Chicago, IL 60605
- Description: \$600,000 from the Higher Education Account in the FY11 Labor, Health and Human Services, and Education Account to assist The College of Pharmacy with their new program, producing graduates that are one of the most accessible health care providers in our communities. An investment in a clinical skills laboratory is necessary to ensure that graduates develop requisite skills to be proficient providers of primary care services.

Transportation, Housing and Urban Development **Countryside Association - Supported Employment**

- Recipient: Countryside Association, 21154 West Shirley, Palatine, IL 60074
- Description: \$500,000 from the Economic Development Initiatives account in the FY11 Department of Housing and Urban Development (HUD) budget to construct a 12,000-foot expansion of a facility employing those with developmental disabilities.

Lake County – Rt. 120 Corridor Initiative

- Recipient: Lake County, 18 North County St., 9th Floor, Waukegan, IL 60085
- Description: \$2,000,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to improve traffic flow in the IL Route 120 corridor, determined to be the best solution to the rapidly growing east-west traffic congestion in central Lake County. A three-year feasibility study resulted in a single unified vision for the corridor. This is a multi-year project to design and implement a by-pass of the existing IL Route 120 on a new alignment.

McHenry County – East McHenry Bypass

- Recipient: McHenry County, 2200 North Seminary Ave., Woodstock, IL 60098
- Description: \$1,000,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to continue the Charles J. Miller Road widening project, which will alleviate congestion in the City of McHenry by redirecting regional traffic. It will serve the existing and growing travel demand on Charles J. Miller Road, River Road, and Chapel Hill Road. The project will enhance mobility and traffic efficiency, improve traffic safety, and provide system linkage and continuity.

Metra – Positive Train Control (*in conjunction with other members*)

- Recipient: Metra, 547 West Jackson Blvd., Chicago, IL 60661
- Description: \$3,000,000 from the Research and Development account in the FY11 Federal Railroad Administration (FRA) budget to implement Positive Train Control (PTC) technology, as required by federal law. PTC technology prevents train collisions, derailments, and injuries to roadway workers. The project will provide safety benefits to over 83 million Illinois riders a year and all major freight railroad lines. It will assist in the interoperability and safety of commuter and freight railroads and can serve as a model to be replicated nationwide.

Metra – Union Pacific Northwest Line; Union Pacific West Line; SouthEast Service Line; STAR Line (*bill language request in conjunction with other members*)

- Recipient: Metra, 547 West Jackson Blvd., Chicago, IL 60661
- Description: Bill language request for FY11 Federal Transit Administration (FTA) budget for continuance of the obligation authority originally provided by Congress in the FY08 and FY09 transportation appropriations bills for New Start Lines. An extension of an additional year will allow Metra to continue to move the projects forward during this challenging economic time.

Pace Suburban Bus – Paratransit Vehicles

- Recipient: Pace Suburban Bus, 550 W. Algonquin Rd., Arlington Heights, IL 60005
- Description: \$935,000 from the Buses & Bus Facilities account in the FY11 Federal Transit Administration (FTA) budget to purchase 11 replacement vehicles for Pace's suburban Dial-a-Ride and ADA paratransit services in Lake, McHenry, and Northwestern Cook County. Pace provides 132,000 trips per month on these services, serving those most in need in our community—seniors, persons with disabilities and those with no other mode of transportation. Pace needs to replace paratransit vehicles used in this service because 145 vehicles will be past their useful life by 2012. Investment in public transportation's infrastructure

not only benefits those who ride it, but also provides jobs in the domestic manufacturing sector. Thirty-two jobs will be created by this project.

Village of Barrington – Rt. 14 Underpass

- Recipient: Village of Barrington, 200 S. Hough St., Barrington, IL 60010
- Description: \$4,066,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to separate freight trains (some 2 miles long) from over 40,000 vehicles that pass over Route 14 daily. Reconstruction of Route 14 so it passes under the EJE/CN railroad instead of crossing it at grade is a good first step in providing some congestion relief caused by the increased freight traffic to Barrington and the northwest suburban Chicago area. The 2008 acquisition of EJ&E by CN will cause a 4-fold increase in freight rail traffic through Barrington. Since all crossings in the community are at-grade, significant impacts include safety risks, traffic jams, and blockage of emergency response and access to the local hospital. A separation project will serve community safety, enhance commerce, and mitigate environmental impacts of increased vehicle emissions.

Village of Gurnee – Greenleaf Street Reconstruction

- Recipient: Village of Gurnee, 325 N. O'Plaine Rd., Gurnee, IL 60031
- Description: \$400,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to replace a box culvert (more than 70 years old) that has cracked and begun shifting under the roadway - causing sinkholes to appear after heavy rains. Replacing the culvert and reconstructing the roadway will allow the Village to increase flow capacity to reduce flooding and improve the serviceability of the roadway.

Village of Schaumburg – Barrington Road/Schaumburg Road Intersection Improvements

- Recipient: Village of Schaumburg, 101 Schaumburg Ct., Schaumburg, IL 60193
- Description: \$1,000,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to provide safety and capacity improvements to the intersection, which is a major intersection in the northwest region of the greater Chicagoland area. Over 60,000 vehicles use this intersection on a daily basis, with projected growth to over 80,000 vehicles daily by 2030. The adjacent properties consist of commercial uses that are vital to the area's economic stability. Capacity improvements will provide regional benefits by improving the safe movement of traffic both north-south as well as east-west.

Village of Schaumburg – I-90/Meacham Road Exit Ramp

- Recipient: Village of Schaumburg, 101 Schaumburg Ct., Schaumburg, IL 60193
- Description: \$1,000,000 from the Transportation & Community & System Preservation (TCSP) account in the FY11 Federal Highway Administration (FHWA) budget to construct an eastbound exit ramp from the I-90 Tollway at Meacham Road. Access at this location is important to the continued success and economic health of the region's businesses. This will improve access to major economic centers in the area including the Schaumburg Convention Center, the Woodfield Mall shopping corridor, and world and regional corporate offices. It will

also help to relieve an overburdened arterial street network.
